

# DOWNLOAD YOUR 'CLIMATE CRIME' CARDS

*ARE YOU READY TO TAKE ON ANOTHER  
CLIMATE COPS MISSION?*

Use your skills of investigation to help the Climate Cops cut down on the climate crimes that are taking place in your home.

Download the 'Climate Crime' cards and use them to search your home to make sure that none are happening under your own roof! Then build your 'Climate Crime Case File' and report back to your family to make sure they don't commit those crimes again (or else)! You may need to keep a watchful eye over them by revisiting the case every week or two to make sure they don't slip back into any of their old habits.

You can spread your search even wider by adding even more 'Case Files' to your notes. What about the homes of your uncles, aunts or friends from school?

# CLIMATE COPS NEVER LEAVE THE TV ON STANDBY...

## IT WASTES SO MUCH ENERGY

**CLIMATE CRIME:** Does everyone remember to turn the TV off properly after they've finished watching? If not, who are the suspects?

### CASE NOTES:

#### DID YOU KNOW?

In the UK alone, we could save over £230 million on our electricity bills if we didn't leave appliances on standby or plugged in when they're not being used.

# USING THE TUMBLE DRYER ON A SUNNY DAY...

## CLIMATE COPS SAY ABSOLUTELY NO WAY!

**CLIMATE CRIME:** Have you caught anyone drying their washing in the electric tumble dryer when it's a nice day instead of using the washing line outside?

### CASE NOTES:

#### DID YOU KNOW?

Using a tumble dryer on a nice day wastes energy and causes a pointless release of carbon dioxide.

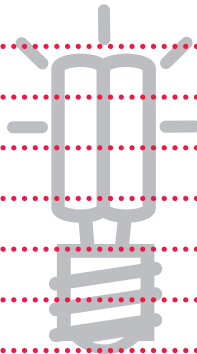

# TO ENERGY SAVING LIGHT BULBS, THE CLIMATE COPS SAY YES...

## WHEN IT COMES TO ELECTRICITY THEY USE SO MUCH LESS

**CLIMATE CRIME:** How many energy saving light bulbs have you managed to detect around the house?

### CASE NOTES:

#### DID YOU KNOW?

If every house fit three energy saving light bulbs, it would save enough energy to run the country's street lights for a year.

# LEAVING A MOBILE PHONE CHARGER PLUGGED IN...

## COME ON, WE ALL KNOW THAT'S A SIN

**CLIMATE CRIME:** Anyone guilty of not unplugging the charger after they've finished charging their mobile phone?

### CASE NOTES:

#### DID YOU KNOW?

A survey found that the average household has up to 12 gadgets or appliances left on standby or charging at any one time. What a waste!

# LIGHTS ON WHEN THERE'S NO-ONE THERE...

## US CLIMATE COPS WOULD NEVER DARE

**CLIMATE CRIME:** Have you walked into an empty room with the light already on? Can you uncover who the last person was to leave the room without turning it off?

**CASE NOTES:**

### DID YOU KNOW?

Wasting energy is not very smart because it not only causes needless pollution but it also costs us money. Would you just screw up your pocket money and throw it away?

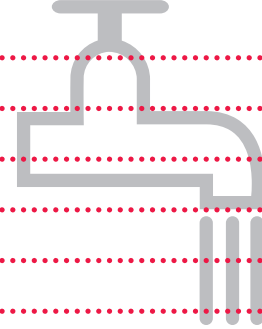

# WASTING WATER IS NOT THE SIGN OF A CLIMATE COP...

## WATER IS PRECIOUS, WE MUST NEVER EVER WASTE A DROP

**CLIMATE CRIME:** Have you witnessed anyone wasting water? For example, did they leave the tap running whilst brushing their teeth? Or, did they have a bath when they could've had a shower?

**CASE NOTES:**

### DID YOU KNOW?

A dripping hot water tap wastes energy and in one week wastes enough water to fill half a bath!

# PUTTING HOT FOOD IN A FRIDGE OR FREEZER IS IN FACT A CRIME...

## CLIMATE COPS KNOW THAT WAITING UNTIL IT'S COOL IS THE RIGHT TIME

**CLIMATE CRIME:** Have you seen anyone commit this crime? If it's hot, more energy will have to be used to cool the food down.

**CASE NOTES:**

### DID YOU KNOW?

If your family are shopping for new kitchen appliances like fridges, dishwashers and washing machines look out for the Energy Saving Recommended logo. Those products will cost less to run and help prevent climate change.

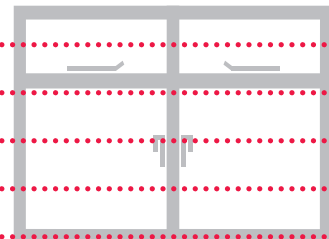

# CLIMATE COPS SAY, KEEP WINDOWS CLEAN TO ALLOW IN THE NATURAL LIGHT...

## IT CAN HELP TO HEAT THE ROOM WITHOUT HAVING TO PUT UP A FIGHT!

**CLIMATE CRIME:** Anyone guilty of not unplugging the charger after they've finished charging their mobile phone?

**CASE NOTES:**

### DID YOU KNOW?

You can also stop heat escaping through windows by having double glazing. This can reduce the loss of heat by half compared to single glazing.

# BOILING A KETTLE FULL OF WATER FOR ONE CUP OF TEA...

## IS SUCH A WASTE OF ENERGY, I MOST CERTAINLY AGREE

**CLIMATE CRIME:** Have you spotted anyone heating up more water than they actually need?

**CASE NOTES:**

### DID YOU KNOW?

Every cup your family boils releases 25 cups of carbon dioxide.

# LEAVING THE ROOM DOOR OPEN ON A COOL DAY...

## REALLY ISN'T THE CLIMATE COP WAY!

**CLIMATE CRIME:** Who's guilty of letting the heat escape by leaving the windows and doors open on a cool day?

**CASE NOTES:**

### DID YOU KNOW?

If adults turned the heating down by just 1°C, it could save around £40 a year... more than enough for a brand new pair of trainers!
