

npower Price Control Agreement for Go Smart Exclusive Fix April 2020 v3

Supplemental Terms and Conditions

These terms and conditions are in addition to and do not replace npower's standard terms for supplying electricity and gas to domestic customers ("Standard Terms"), a copy of which should have been provided to you and are also available from www.npower.com or by calling us on 0800 316 3375 (free from mobiles and generally free from landlines) or 0330 100 8674 (costs no more than 01 or 02 numbers from landlines or mobiles and part of 'inclusive minutes' from mobiles).

Terms defined in the Standard Terms shall have the same meaning in these additional terms. If there is any conflict between these terms and the Standard Terms, these terms will prevail.

Go Smart Exclusive Fix April 2020 v3 offers a price fix until 30th April 2020. Charges will be on a single standing charge and unit rate basis and will be based on our current prices for your area, meter type and the payment method that you opted for (and may change if you change area, meter type or payment method).

In order to take up and remain on our Go Smart Exclusive Fix April 2020 v3 tariff you must:

- be an existing customer on our Exclusive Online Fix March 2019, Fixed Energy Online March 2019, Fix Online March 2019, Online Energy Fix March 2019, Online Fixed Energy March 2019, Online Price Fix March 2019 or Price Fix March 2019 tariff;
- have us (npower) supply your gas and/or electricity;
- be a domestic customer;
- take your supply through a credit meter;
- provide your email address and inform us if it changes;
- use npower.com as your primary method of contact with customer service;
- receive your bills online by registering for an online account and paperless bills at npower.com within 30 days of receiving your account number;
- provide meter reads online when requested;
- notify us immediately online of changes to any of your details;
- receive all account communications (including price change and tariff end notices and the provision of other important information) by e-mail;
- conduct your online account with any new features we may introduce and notify you of from time to time;
- pay on the tariff where our charges are wholly based on a standing charge and single rate metered standard domestic tariff (or two unit rate metered economy 7 tariff for electricity);
- have or (if you are eligible) agree to have a smart meter installed at your property for gas and/or electricity (as applicable) as described in 'smart meter installation' below; and
- have chosen and we must have agreed to supply you on our Go Smart Exclusive Fix April 2020 v3 offer.

If at any time you do not meet any of these eligibility criteria or do not comply with the terms of the Go Smart Exclusive Fix April 2020 v3 offer, we may end your agreement with npower (including your Price Control Agreement) and transfer you to a new agreement on our standard variable prices applicable to you.

In order to take up and remain on our Go Smart Exclusive Fix April 2020 v3 offer you must also pay your energy bills by monthly direct debit, quarterly variable direct debit or following the receipt of a bill. If you fail to comply with this condition relating to your payment method we may:

- transfer you to the non-Direct Debit version of the Go Smart Exclusive Fix April 2020 v3 tariff if you agreed to pay by Direct Debit but that arrangement fails to operate (which will result in you losing any direct debit discount);
- ask you to pay for your gas or electricity (or both) through a prepayment meter on our prepayment terms; and/or
- end your Price Control Agreement and transfer you to our standard variable prices applicable to you.

If your Price Control Agreement ends or we take any of the actions listed immediately above this may increase the charges you pay to us and we will give you notice of any such change. You may not be able

to switch back to the Go Smart Exclusive Fix April 2020 v3 offer at any point in the future.

You cannot be supplied on our Go Smart Exclusive Fix April 2020 v3 offer if your supply is through a prepayment meter.

If you are an existing npower customer transferring to Go Smart Exclusive Fix April 2020 v3 you will lose any benefits of your previous npower tariff and may not be able to return to that tariff later.

Smart meter installation

Unless we agree otherwise, in order to take up and remain on our Go Smart Exclusive Fix April 2020 v3 tariff for gas you must either have a smart meter for gas already installed at your property or book a smart meter installation and have a gas smart meter fitted by us within either 4 months of signing up for the Go Smart Exclusive Fix April 2020 v3 offer (if you are already eligible) or within 4 months of becoming eligible for a gas smart meter (if you are not currently eligible).

Unless we agree otherwise, in order to take up and remain on our Go Smart Exclusive Fix April 2020 v3 tariff for electricity you must either have a smart meter for electricity already installed at your property or book a smart meter installation and have an electricity smart meter fitted by us within either 4 months of signing up for the Go Smart Exclusive Fix April 2020 v3 offer (if you are already eligible) or within 4 months of becoming eligible for an electricity smart meter (if you are not currently eligible).

Eligibility criteria includes whether or not we are currently installing smart meters in your area and whether or not your property is suitable (for example, meters won't be installed if there is anything blocking access to the meter(s)). We will let you know if you are already eligible or when you become eligible but for further details please call 0800 294 3701 (free from mobiles and generally free from landlines) or 0330 100 0427 (costs no more than 01 or 02 numbers from landlines or mobiles and part of 'inclusive minutes' from mobiles) or visit www.npower.com/smart-book. In some cases ineligibility may only be identified when we attempt installation at your property.

To book a smart meter installation please call either of the telephone numbers above or visit www.npower.com/smart-book.

If you're a tenant, it is up to you to get your landlord's consent to the installation of your smart meter(s).

If you fail to have your smart meter(s) installed as set out above we may end your agreement with npower (including your Price Control Agreement) for gas and/or electricity (as applicable) and transfer you to a new agreement on our standard variable prices applicable to you.

If you are ineligible for a smart meter for gas and/or electricity (as applicable) you can remain on this tariff for the relevant fuel while you are ineligible.

Price Control Period

These terms apply from the date when we agree we will supply you under our Go Smart Exclusive Fix April 2020 v3 offer until 30th April 2020 or any earlier date on which you change your tariff or you do not meet the eligibility criteria and your Price Control Agreement ends. We call this the Price Control Period.

Our charges

During the Price Control Period our prices for electricity and gas will be fixed at the current prices for your area, meter type and the payment method that you opted for at sign up (and may change if you change area, meter type or payment method), these being the prices (standing charge and unit rate(s)) indicated in the Go Smart Exclusive Fix April 2020 v3 offer on the opening date of the offer. The exception to this is if any charge or cost is imposed or incurred by or as a consequence of any action, order, decision or imposition by any governmental, statutory or licensing authority, and, when added to or reflected in our charges or costs at the time, this causes our prices to exceed the fixed price. If there is a change in the rate of VAT chargeable in respect of the energy we supply, this will cause our charges to change and may increase the charges you pay to us. If we provide you with incorrect prices in error we can choose not to go ahead with our agreement with you which means we may end it (including your Price Control Agreement) and we will offer you a new agreement with the correct prices.

Our charges after the Price Control Period ends

At the end of the Price Control Period, or at the end of your Price Control Agreement if this is earlier, and you continue to take supply from us, we will place you on our cheapest standard variable tariff applicable to you, a relevant fixed term default tariff (if we consider it appropriate to do so) or the relevant tariff required or permitted by law, any of which may be more expensive than your current Go Smart Exclusive Fix April 2020 v3

offer. We will notify you of your new prices and the associated estimated annual costs you will pay before the end of your Price Control Period as required by our regulatory obligations. You will pay them from the end of the relevant notice period, unless we present to you another offer and alternative terms (including prices and estimated annual costs) that we feel may be suitable, and you agree to sign up to those alternative terms.

Changing your mind

You can cancel your Price Control Agreement within 14 days from the date when we tell you that we have agreed to supply you under the Go Smart Exclusive Fix April 2020 v3 offer. To cancel, simply write to us with your agreement number, saying you want to cancel your Price Control Agreement. Address this to: npower, PO Box 177, Houghton le Spring, DH4 9AQ. Or, you can email us at customer.acquisitions@npower.com or phone us on 0800 316 3375 (free from mobiles and generally free from landlines) or 0330 100 8674 (costs no more than 01 or 02 numbers from landlines or mobiles and part of 'inclusive minutes' from mobiles). We may monitor and/or record calls for security, quality or training purposes. You may also use the cancellation form left with you if you signed in person. If your Price Control Agreement is cancelled in this way but you continue to take supply from us, we will continue to supply you on our standard variable prices applicable to you under our Standard Terms as if you had never been supplied on the Go Smart Exclusive Fix April 2020 v3 offer.

Early Exit Fee

If before 12th March 2020 you change your supplier or tariff for electricity or gas, or both, to which your Price Control Agreement applies, we may apply a termination fee of £30 in respect of each such fuel ("Early Exit Fee"). You agree to pay any such Early Exit Fee and that we may also take this fee by Direct Debit. We will not apply an Early Exit Fee in relation to this tariff if you change your supplier or tariff on or after 12th March 2020 or in various other specific circumstances set out in this Price Control Agreement.

Changing your tariff or supplier

You may end your Price Control Agreement or switch supplier without giving us any form of notice but you may incur an Early Exit Fee if you change before 12th March 2020. If you change your tariff during the Price Control Period for an alternative npower tariff you will no longer be eligible for the Go Smart Exclusive Fix April 2020 v3 offer and will be supplied under the terms of your new tariff. You may not be able to switch back to the Go Smart Exclusive Fix April 2020 v3 offer at any point in the future.

If you switch supplier as a result of our notice to you prior to the end of the Price Control Period, and we receive formal notice of a switch within the relevant period then until you leave you will pay the charges as per this Price Control Agreement. We'll give you details of all relevant periods when we notify you at the time. If you change tariff with us following that notice and prior to the end of the Price Control Period then you will pay the charges as per this Price Control Agreement until you move to your new tariff.

Moving home

If you move home you may be able to transfer this Price Control Agreement to your new home if you continue to meet the eligibility criteria (unless we agree otherwise) and:

- you let us know that you would like to transfer the Price Control Agreement to your new home when you tell us about your change of address; and
- we reach a mutual agreement to continue with the Price Control Agreement at your new home.

If we agree a transfer with you, the prices you will pay for your supplies for the rest of the Price Control Period will be the prices under the Go Smart Exclusive Fix April 2020 v3 offer applicable to your new home. Those prices may be different from the prices in your present home, for example due to regional variations in our prices or different metering.

To find out about the smart meter eligibility of your new home please call either of the telephone numbers in 'smart meter installation' above or visit www.npower.com/smart-book.

If you don't transfer it to your new home this Price Control Agreement will end and you may incur an Early Exit Fee.
